HARLEM SCHOOL OF THE ARTS
HERB ALPERT CENTER

MESSAGE FROM THE PRESIDENT

Welcome students, families and friends to [Harlem School of the Arts at the Herb Alpert Center!](#)

We are very pleased to present our 2018-19 Course Catalog and inform you of some new additions. As a premier institution that offers classes in five art disciplines we are always striving to ensure our students receive the best quality arts instruction. Whether students want to gain entry into the best high schools in NYC, and nationwide colleges and universities or whether they want to learn a new instrument or dance move for fun, our classes are designed to ignite student's imagination, foster self-expression and encourage discipline and collaboration.

We are thrilled to offer an expanded roster of classes this year including 3D Printing, Branding, Sound Design, a Portfolio Prep class for high school students and an Advanced Jazz Band for middle school students. And we will continue presenting a robust series of public programs for families such as our very popular art exhibitions in the HSA Gallery, our ARTMakers series featuring established artists and performers, as well as our music, dance and theater performances on-site and off-site.

In keeping with our founder Dorothy Maynor's vision to enrich the lives of young people from Harlem and beyond the five boroughs, we will continue to train, educate, engage and transform children and adults alike through the power of the arts. Thank you for choosing Harlem School of the Arts and hope you and your children participate often in the quality arts training offered by our very talented teaching artists and the exciting public programming that our program directors have designed for you.

LIFELONG LEARNING THROUGH THE ARTS

VISION

Harlem School of the Arts (HSA) envisions a world where **ALL children have access to a quality arts education**, empowering them to become the creative thinkers and innovative leaders of tomorrow.

MISSION

Harlem School of the Arts enriches the lives of young people and their families through **world-class training in and exposure to the arts across multiple disciplines** in an environment that emphasizes rigorous training, stimulates creativity, builds self-confidence, and adds a dimension of beauty to their lives.

HISTORY

In 1964, internationally acclaimed concert soprano **Dorothy Maynor**, brought a gift to Harlem: her fervent belief that world-class training in the arts stimulates the child, strengthens the family and gives pride of ownership to a community. She opened Harlem School of the Arts in the basement of the St. James Presbyterian Church in Harlem at a time when the community suffered severe physical blight, high levels of poverty, and offered few cultural resources for its young people. From toddlers to adults, the students who came through its doors developed an invaluable sense of purpose and focus, whether or not they pursued professional careers in the arts. In May of 1979, under the leadership of Maynor's handpicked successor,

legendary opera singer **Betty Allen**, HSA opened its state-of-the-art 37,000 square foot, award-winning facility nestled at the base of historic Hamilton Heights. Along with the Studio Museum in Harlem, Dance Theatre of Harlem, The Schomburg Center for Research in Black Culture, and the Apollo Theater, HSA became one of the pioneering cultural institutions whose robust presence uptown became a linchpin of Harlem's renewal.

TODAY

Harlem School of the Arts, at **The Herb Alpert Center**, is thriving. It annually serves approximately 3,000 young people from across the greater New York Metro area. From its humble beginnings with 20 children taking piano lessons in the basement of St. James Presbyterian Church, HSA has blossomed into an extraordinary cultural institution that has served more than 55,000 students over the last 53 years, many of whom directly credit Harlem School of the Arts for having changed their lives.

HSA Music

HSA Music introduces students to the irresistible force that is music. The goal of the Music Department is to equip each individual with the tools to be a proficient musician, while fostering their creative spirit. Whether laying a foundation for the beginner or helping a more advanced musician refine their technique, our faculty offers a rigorous introduction to the discipline of making music while instilling in each student a love of music.

At HSA we offer private and group instruction in strings, woodwinds, brass, piano, guitar, percussion and voice. In addition to a long tradition of excellence in Western classical music, our faculty also offers instruction in jazz and a variety of folk and popular music. We encourage all students taking private lessons to participate in an ensemble and take a theory class. Ensemble and group experience offers the joy of creating music with others, encourages a cooperative work ethic, and allows students to enhance their overall technique.

Topics covered include building melodies, approaches to form/structure, arranging for different instruments and producing compositions in various styles. This course requires previous knowledge of music notation, some fluency on a musical instrument, and intermediate-level theory.

HSA Beginning Band *Ages 10-12*

HSA and Jazz at Lincoln Center partner to create this class for Middle School students. Students will study traditional wood wind and brass instruments and learn how to play standard jazz compositions. Funded by The Herb Alpert Foundation, this course is FREE to the students who qualify. Students will receive an instrument for the duration of the course (Instruments are the property of HSA).

Music Technology *Ages 12-17*

Students are taught to use technology to express their musical ideas under the guidance of an Engineer Instructor. The class utilizes the creation of tracks, sampling, and sequencing through logic program.

String Ensemble *Ages 12-17*

This is an ensemble for intermediate and advanced students that play string instruments, work together to learn compositions and perform them as a unit. Students utilize their sight-reading skills while learning how to work together. This class is the perfect supplement to a private lesson.

MIDDLE AND HIGH SCHOOL MUSICIANS

Physical, mental, and emotional fluctuations render middle school and high school students amenable to an environment that affirms their fledgling self-identity and developmental capabilities. For some, the high school music program will serve as preparation for concentrated study beyond the secondary level. Others will elect to develop and explore their musical capabilities through a generalized core course of study. Both avenues provide an enjoyable outlet for self-expression, group interaction, and aesthetic growth.

HSA Advanced Band *Ages 12-17*

This class provides students with an introduction to playing in a band. Students utilize sight-reading skills while learning to follow a band leader. Rehearsals for special events and performance are required. This class is the perfect supplement to private instrument instruction.

The repertoire for this group explores a wide range of choral music including Classical, Gospel, Spirituals, Folk, and Contemporary. Rehearsals for special events, touring and outside performances required. *Assessment is required for participation.*

Adult Ensemble *Ages 18 & up*

The HSA Adult Ensemble is for adults with musical talent and/or experience who want to become more adept at performing in a group. The Ensemble brings together adults who play complementary instruments to work together to learn new selections, understand how to blend and perform as a unit, and support each other's musical contributions.

Adult Choir *Ages 18 & up* **NEW!**

The HSA Adult Choir is for those with vocal talent and/or experience who want to grow in their performance abilities. The HSA Dance Enrichment Program allows students aged 2-17 to experience the transformative power of dance regardless of skill level or prior training. There is no minimum class or audition requirement for dance enrichment classes. However, students aged 8+ must be assessed for placement by an HSA Dance faculty member prior to enrollment into a ballet or modern class.

Tiny Moves *Ages 2-3*

Each child in this class must be accompanied by a parent or caregiver who actively serves as dance partner to the tiny mover. This class is a wonderful opportunity to introduce children to live music, self-awareness, and freedom of movement.

Ballet *Ages 3 & up*

HSA is proudly one of six official affiliate schools in the world offering the **American Ballet Theatre (ABT) National Training Curriculum** and all ballet faculty are ABT certified. The curriculum combines scientific principles with elements from classic French, Italian, and Russian schools of training. Pointe class is introduced to girls ages 11 and up.

** Ballet classes for age 8 and older require a placement assessment. Please contact alynch@hsanyc.org to set up an interview or inquire about the assessment process.*

Dynamic Dance for Boys *Ages 4-7*

This class series is designed especially for boys to develop the kind of discipline, drive, and focus that dancers share with professional athletes. Modern, ballet, African and Afro-Caribbean techniques increase coordination and flexibility necessary for a future in dance, gymnastics, or other athletics. No prior dance training is required.

African *Ages 4-17*

Students develop strength, aerobic stamina, coordination, flexibility and rhythmic awareness while acquiring an understanding of the nuances of traditional music from the African diaspora. These classes are accompanied by live drummers. Students learn traditional African dance forms as well as the techniques of Katherine Dunham and Pearl Primus.

THEATRE CLASSES

EARLY CHILDHOOD ACTORS

Young children respond with joy and energy to creative play, drama and storytelling. With the encouragement of their instructors they generate imaginative scenarios and learn to interact with others their age, thereby providing group opportunities to develop social and language skills.

- Listening, responding, taking turns and working cooperatively in a group.
- Recognizing, re-creating, identifying, differentiating and sequencing basic dramatic elements.
- Expressing and creating elements of theater through creative play.

Creative Play *Ages 3-4*

A Pre-K level class using music and theatre games to enhance language skills, socialization and coordination. Parents are invited to participate in this introductory class.

ELEMENTARY SCHOOL ACTORS

As emergent readers, theater activities provide an opportunity for children to demonstrate physically and vocally their understanding of character, conflict and action. They also become skilled in memorization, allowing them to use scripted materials in activities and performances. Theater develops physical and vocal skills, which encourages confidence and creative thinking.

- Cooperating, planning, and respecting others' opinions.
- Interpreting, comparing, and analyzing works of theater and introductory dramatic literature.
- Personal and artistic choices in creating theater and releasing impulses and language.

Acting I *Ages 5-7*

Using theatre games and language exercises young actors begin to explore the concept of ensemble work and scene presentation. Scripts are introduced at this level, along with continued development of imagination through movement and improvisation. Clarity of speech and vocal projection are emphasized, and students are eligible to audition for main stage productions.

Acting II *Ages 8-11*

Continued exploration of acting through improvisation, movement and language exercises. At this level, full scripts (usually 20-30 minute short plays) are introduced and the concept of working as an ensemble is heavily emphasized. Acting II students are eligible to audition for main stage productions.

Apprentice Ensemble *Ages 9-12*

This is a repertory class for advanced young actors focusing on creating and performing ensemble work. Pre-Requirement: Acting II or Musical Theatre II

MIDDLE SCHOOL ACTORS

Students at this age are increasingly concerned with meaning and message, both personal and social, and are beginning to think in more independent ways. Rapid emotional and physical changes at this age present both challenges and opportunities for the growth of skills and personal expression in theater. Students are capable of focused work in various techniques and styles of theater, and enjoy the "safe space" that a structured and defined challenge provides.

- Building confidence and a defined sense of self, trust among peers, working independently, and taking risks.
- Exploring different styles of theater and developing personal creative expression.

Improvisation *Ages 11-14*

Students explore theatre games and story building exercises to help encourage spontaneity and free the actor's impulse in rehearsal and in life. Non-scripted stories/plays are developed, using the concepts of commedia dell'arte stock characters and situations. A fun and creatively liberating approach to storytelling is emphasized, ideal for shy young people looking to break through and express themselves.

Acting III *Ages 11-13*

Continued use of improvisation and theatre games is combined with an introduction to scene study and audition technique (monologues).

HIGH SCHOOL ACTORS

Teen Acting *Ages 13-18*

An introduction to acting basics is explored: objective vs. obstacle, speech and vocal projection, and creating a character. Additionally, Teen Acting reads and works on sections of an entire full-length play, with the objective of developing analytical and interpretive skills.

Spoken Word *Ages 13-18*

A performance based exploration of poetry, forensics, and famous historical speeches. Students are also encouraged to write their own material and explore their feelings and opinions via the written and spoken word. The class also involves developing strong speech and diction.

Writing for Stage & Screen *Ages 13-18*

An introduction to writing for performance. Plays/screenplays will be read in class and analyzed for content and form. The formats and structure of stage vs screen writing are explored, as well as developing characters, creating dramatic conflict/tension and resolution of conflict. The objective of the 32 week course is for students to have produced at minimum a working draft of a one act play that will be presented in a public reading

Advanced Acting *Ages 13-18*

Technique is an exploration of current major acting philosophies that have dominated stage and film work in the United States and beyond. Stanislavski, or Method Acting, Meisner, Michael Chekhov and the "No Acting Please" technique of Eric Morris are all covered, along with new and evolving approaches to working for both stage and film/television. *Required for HSA Theatre Alliance Company; open to all students by audition only. Contact Department Director to schedule an audition.*

Alliance Company *Ages 13-18*

Ensemble class for HSA Theatre Alliance members. By audition only, dedicated to production work.

Physical Acting *Ages 13-18*

Students express impulse and emotion without a text, using the body and imagination as their "instrument". This class works to improve the actor's voice, impulse and physical approach to character and dramatic situation, applying theatre games, improvisation, neutral mask, Suzuki, View Points and Grid Work techniques. This course often incorporates relevant scene work and choreography associated with our full productions.

ADULT ACTING

Adult Acting Scene Study *Ages 18 + up*

SCHOOL POLICIES

HSA reserves the right to suspend or terminate the instruction and performance participation of students who do not meet their financial obligations. Additionally, late payments will result in a \$50.00 late charge applied monthly. Parents are responsible for the full cost of instruction regardless of financial aid and scholarship application status. Tuition credit will not be given as a result of classes or lessons missed. Delinquent accounts will be sent transferred to an outside collections agency.

Class Cancellations

HSA reserves the right to cancel classes with insufficient (low) enrollment. In the event a class is cancelled, you will be notified and given an opportunity to transfer to another class. If you do not enroll into another class, you will receive a pro-rated refund. No administrative fee will be applied.

Withdrawal & Refund Policy

Once a student has registered, the payer of the student account is responsible for FULL payment of the classes for which the child is enrolled. Parents/guardians wishing to withdraw a child from a course must do so within the first two (2) weeks of the semester, or after the student has been registered, by the following methods:

- Submit a withdrawal or cancellation request via email to cancellations@hsanyc.org.
- Submit a withdrawal or cancellation request in writing to Harlem School of the Arts (HSA), Attn: Registration Cancellations, 645 Saint Nicholas Avenue, New York, NY 10030.

A \$200.00 administrative fee will be applied and deducted from the refund without exception. HSA will not provide a refund after the first two weeks of the semester or two weeks after a student has been registered.

Class changes and adjustments are subject to a \$25.00 fee subsequent to the two week grace period.

Absences/Missed Lessons

Please contact the Attendance Hotline at (212) 926-4100 x100 to notify HSA that your child will be absent. Private music lessons require at least 24 hour notification to be an excused absence or to be considered for rescheduling a lesson. **Each student is allowed a maximum of two excused absences and make-ups per year.** There are no make-up classes for group lessons.

Private Lessons

If a student or parent/guardian wishes to drop or change the duration of a private lesson, it must be done within the first two sessions. No class changes or tuition adjustments will be made after the first two class sessions. An administrative fee of \$200.00 will be applied. Parents/guardians wishing to drop or change the duration of a private lesson must do so within the first two (2) sessions by the following methods:

- Submit a withdrawal or cancellation request via email to cancellations@hsanyc.org.
- Submit a withdrawal or cancellation request in writing to Harlem School of the Arts (HSA), Attn: Registration Cancellations, 645 Saint Nicholas Avenue, New York, NY 10030.

Tardiness

Private lessons - Students who are late for a private lesson will not be guaranteed their lesson time. Faculty will wait for a student for one-third of the scheduled lesson duration; students are asked to do the same.

Group Classes - Students who are late for scheduled classes will be allowed to enter the class no later than 15 mins after class time begins. After that time, it is an unexcused absence.

Dance classes - If a student is more than 15 minutes late, the student will be asked to observe the class and write notes in their dance journal for review by the teacher and dance director.

PARENTAL SUPERVISION OF STUDENTS

Parents or guardians waiting for a child to complete class(es) at HSA may wait quietly in the HSA Gallery. Please remember to keep conversations at a minimum near studio doors as it may be disruptive to the class in session. Parents may drop their children off for classes as long as they arrive prior to the end of class to pick up their child. Children under 12 years of age may not be left unattended inside the building beyond their scheduled class time. Students over the age of 12 may arrive for classes alone, but must abide by all HSA rules of conduct.

FAQs

Q: How early can you start? Do you offer classes for toddlers? What about adults?

A: Group classes begin at age 2 depending on the discipline. The HSA Early Childhood program offers classes for children ages 2 to 4 years old. Registration is first come, first served, including classes available to adults in all four disciplines.

Q: How many weeks is a term and how long are classes?

A: HSA classes are offered in two terms; Fall and Spring. Classes generally last between 30 minutes to 2 hours, and students may take as many classes as they like during our school year!

Q: What do you offer for students who want to pursue art as a profession?

A: Students ages 12-18 interested in pursuing a career in the arts would benefit from HSA Prep, which provides intensive arts training to prepare students for a continued education in the arts.

Q: How will I know what level class my child should be taking?

A: Ages 2-6 require no assessment for classes; simply choose the class that is the right fit for your child's age. For dance classes and private music lessons, each student will be given an assessment by the department to determine the appropriate placement level for each child.

Q: Does my child need to have his or her own instrument to take a class?

A: Yes. However, for those students who do not have access to an instrument, HSA can provide a list of stores that rent a variety of instruments.

Q: What do you use ticket revenue for? Does it support HSA?

A: HSA is a nonprofit organization with an operating budget of over \$4million. We receive \$1.5 million in tuition, and the remaining 60% is subsidized by generous individual donations and grants, just like other nonprofit organizations. While ticket revenue is helpful, it only covers a small fraction of the production costs.

Q: Why does HSA do performances, concerts and exhibitions?

A: HSA's mission is to enrich the lives of children and part of that enrichment is performing and presenting opportunities for young people. These are also moments for HSA students and artists to shine.

Q: Can I volunteer to help HSA?

A: Absolutely! As a nonprofit organization, we're always looking for volunteers and interns to help our School run at its best. If you would like to make a difference and join our network of volunteers, please call Lynne Toye, Chief Administrative Officer, at (212) 926-4100 x303 or email jobs@HSA NYC.org.

Q: ¿Hablan español?

A: HSA tiene la capacidad de traducir al español. Para otros idiomas (por ejemplo, francés, criollo haitiano, japonés, chino, etc.), necesitamos una solicitud por adelantado. Comuníquese con la oficina de la registradora al teléfono: (212) 926-4100, extensión 324.
